---

## Relate Experience / Projects

**Feb 2023 - Current / Seminaut INC - San Marcos, Texas**

### Junior Web Developer

- Implemented features and functionality using Python for the backend and JavaScript/TypeScript with ReactJS for the frontend. Involving both frontend and backend technologies.
- Developed responsive web applications, ensuring optimal user experience across various devices and screen sizes.
- Actively participated in weekly team meetings on Discord, providing updates on project status, discussing challenges, and seeking feedback.
- Utilized Github for version control and ClickUp for project management to prioritize activities and assure timely project delivery.
- Testing to identify the bugs in the software and determine how to improve the user experience. Report errors or submit ideas for improving the software to the team leader.
- Contributed to the maintenance of Seminaut's codebase, ensuring code quality and adherence to established coding standards.
- Participated in an agile development environment, working on sprints and adapting to changing project requirements via regular sprint planning.

**Jun 2021 - Dec 2021 / City of Portland (Portland Open Data) - Capstone Project**

### Front-end Web Developer

- Working as a member of a six-person team to create a web portal that supports validating submitted datasets in order to ensure they follow a standard format.
- Responsibilities include working as a front-end developer to design and develop user-facing web and mobile applications.
- Collaborating with other team members, back-end developers, and the team leader to create visually appealing and user-friendly web pages and applications.
- Writing clean and efficient code using languages such as HTML, CSS, and JavaScript, building reusable code for future use, and troubleshooting and debugging issues as they arise.

---

## Unrelated Experience / Jobs

**Apr 2022 - Feb 2023/ Columbia Gorge Inn - Cascade Lock, Oregon**

### Manager Assistant

Utilize hotel management software. Manage all transactions and documents. Make a schedule for the housekeepers. Handling phone calls and resolving customer issues. Writing report for the manager.

**Apr 2014 - Apr 2022/ Thien Hong Restaurant - Portland, Oregon**

### Kitchen Assistant

Ordering supplies and ingredients. Maintaining kitchen equipment. Implementing strategies to reduce waste. Ensuring compliance with health and safety regulations and standards.

---
